

LINBECK

NATIONAL MEDAL OF HONOR MUSEUM PROJECT INFORMATION SHEET

DESCRIPTION OF PROJECT

The National Medal of Honor Museum will honor and commemorate the stories of the recipients of the Medal of Honor, our nation's highest military medal for valor in combat. The museum will offer an experience that draws personal and emotional connections to Medal of Honor recipients and their stories, while shedding light on the wars in which they fought and the ideals that the Medal of Honor represents. The centerpiece will be a main exhibition space of 40,000sf rising 45ft in the air. Two spiral stairs will lead guests from the Rotunda into the Exhibition Hall. The 101,000-square-foot footprint will also include a state-of-the-art Education Center, conference and event space, and an outdoor amphitheater for ceremonies. Linbeck Group, LLC has been selected as CMAR for the work and we are soliciting interested sub-contractors, vendors and material suppliers, to include Veterans, Minority, and Woman-Owned Business Enterprises from the local market.

PROJECT INFORMATION

Construction Start: February, 2022

Anticipated Construction End: October, 2024

Construction Value (CCL): Confidential

Total Building: 101,300 gsf

Bid Pkg 3 Scopes

Architectural Pre-cast Concrete
Masonry
